Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is NOT intended to prove that the author is gender biased. It is NOT meant to prove that every cause of marital break-up is caused by women. No, it is NOT to witch-hunt women for family failure. But the truth has to be told. There have been diverse controversies on the main cause of break-up in marriage. Many lay blames on wives. Some say husband should be crucified . Although the author sits on the fence, but he gives full explanations why accusing fingers are pointing to the wives. Divorce takes place because a woman allows two things to happen. It s either she directly fuels the cause of accumulated problems in her home or she overlooks certain issues she would have rebuked in the very beginning but ignored them until a time she cannot control the situations. A broken home does not just happen. It happens as a result of accumulated issues getting out of hands. And when it happens, children suffer the effect. It s commonly believed that a wife is the neck that turns the head of her husband. But when the head is wrongly turned or directed it s not only the head that suffers, but the entire body(children) including the neck. The book contains step-by-step guides on solving most difficult marital frustrations. It s the best antidote for women facing severe problems in marriage.
