Vintage Publishing. Paperback. Book Condition: new. BRAND NEW, London in the Eighteenth Century: A Great and Monstrous Thing, Jerry White, London in the eighteenth century was very much a new city, risen from the ashes of the Great Fire. With thousands of homes and many landmark buildings destroyed, it had been brought to the brink. But the following century was a period of vigorous expansion, of scientific and artistic genius, of blossoming reason, civility, elegance and manners. It was also an age of extremes: of starving poverty and exquisite fashion, of joy and despair, of sentiment and cruelty. Society was fractured by geography, politics, religion and history. And everything was complicated by class. As Daniel Defoe put it, London really was a 'great and monstrous Thing'. Jerry White's tremendous portrait of this turbulent century explores how and to what extent Londoners negotiated and repaired these open wounds. We see them going about their business as bankers or beggars, revelling in an enlarging world of public pleasures, indulging in crimes both great and small - amidst the tightening sinews of power and regulation, and the hesitant beginnings of London democracy. In the long-awaited finale to his acclaimed history of London over 300 years, Jerry White introduces us to shopkeepers and prostitutes, men and women of fashion and genius, street-robbers and thief-takers, as they play out the astonishing drama of life in eighteenth-century London.
