For a developing country like China, there is a need for economic studies that will aid in its economic development and progress. In relation to this, author Dr. Fengbo Zhang presents a comprehensive study on the Analysis of Chinese Macroeconomy. In Analysis of Chinese Macroeconomy, the author uses the econometrics method, which so far has not been attempted by anyone, to depict definitively the development process and the existing state of the Chinese economy. Highly recommended for Chinese research scholars, businessmen and readers interested in China, this book provides the suitable materials for understanding modern China and the future of economic reform. Recently, Western economics is being introduced positively in Chinese economic policymaking decisions. This is the first genuine book, which quantitatively analyzes Chinese economy by an energetic and innovative Chinese scholar. The achievements of the time-series analysis and existing State analysis in this book are bound to give us the valuable guideline to predict the future of Chinese economy.
