Brand New Book ***** Print on Demand *****.In today s world, there is a greater abundance of opportunity for both organizations and individuals to accomplish extraordinary goals. However, all too often, the demands of our jobs, coupled with the barrage of information coming at us from so many sources (e.g. texts, emails, reports, tweets, blogs, web-sites, etc.) is overwhelming, exhausting and distracting. The sheer volume of distractions threatens our ability to think clearly and make good decisions. If we react to these stimuli without careful discernment, we will sink into a sea of irrelevancy and fail to accomplish the things that matter most in our professional and personal lives. When we deliberately pay attention to the most important things amidst the distractions, we can harness the opportunities and technologies available today and soar to creative and innovative heights.
