EDUCATIONAL FILM CATALOG (1939) (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Educational Film Catalog (1939) The second edition of the Educational Film Catalog, a revision of the 1936 edition, is a selected list containing 2370 films. This replaces all volumes and supplements which have preceded it. As in the 1936 edition of the Catalog the selection of films included is not confined to classroom films but includes those which are available for all non-theatrical uses, making this Catalog valuable to clubs, churches, libraries and various educational institutions as well as to schools. Revision. This edition has been thoroughly revised. In the 1936 edition 1175 films were listed. In the various quarterly and annual supplements since then a total of 1812 films were given. This makes a total of 2987 films which were reconsidered. About a third of these were omitted from this edition because they are no longer available or because our collaborators no longer considered them of enough value to be included in such a list. For this new edition 370 new films were added, many of them recently made available by the Teaching Film Custodians. Stars. In addition to this reselection of every film included, an attempt has been made to star those films considered excellent and to double star those which might be called outstanding. No attempt has been made to star proportionately in any class. Distributors. In the 1937 annual supplement a new feature was added showing where films were available other than from the producer or authorized distributor. This information is constantly changing and even tho considerable effort has been made to have these rental sources as complete as possible, there may be some omissions. Form of Catalog. This Catalog follows...
